Q-001		Clayco	11/20/2023	In the RFQ you state that the page limit is 25 pages but when you look at the page amounts allocated to individual sections it only adds up to 22 pages. If that is the case, can we allocate those three extra pages as we see fit even if they might exceed the amount allowed for individual sections (so long as we keep the total under 25)? It would be helpful to have that flexibility in order to respond sufficiently to some of the RFQ sections.	11/20/2023
R-001	Mitchell Walker	Mead & Hunt	11/28/2023	The three remaining pages can be allocated as the Contractors see fit.	11/28/2023
Q-002		Clayco	11/20/2023	Considering how critical that the preconstruction phase will be to the success of the project, would you allow the proposing CMAR firms to submit projects that have at a minimum successfully completed the preconstruction phase of the project as one of their three projects under Section G Profiled Projects, even if they have not necessarily completed construction?	11/20/2023
R-002	Mitchell Walker	Mead & Hunt	11/28/2023	CMAR firms may submit projects that have completed the preconstruction phase as one of the three projects within Section G.	11/28/2023
Q-003		Clayco	11/20/2023	Would you consider revising the RFQ to allow the proposing CMAR firms to submit similar relevant projects up to ten years old in Section G Section G Profiled Projects, so long as they propose using some of the same personnel on this Concourse Expansion project?	11/20/2023
R-003	Mitchell Walker	Mead & Hunt	11/28/2023	CMAR firms may submit relevant projects up to ten years old within Section G of the Profiled Projects.	11/28/2023
